EXPERIENCE

Full Stack Developer Intern | [Pathsetter.ai](#)

07-11-2025–29-05-2026

- Built UI components and dashboards by integrating APIs to display real-time data.
- Implemented backend features including third-party API integrations and automated scheduled email workflows.
- Created Grafana dashboards using Prometheus and Loki to monitor logs and key system metrics.
- Automated Slack alerts for API metrics (requests, errors, error rates), enabling faster issue detection and debugging.
- Gained practical understanding of system design concepts including API gateways, Redis caching, rate limiting, microservices architecture, and fundamentals of LLM-based systems.

PROJECTS

Pingup Social Media App [↗](#) | [MERN Stack](#)

- Built a social media platform using **React**, **Node.js**, **Express**, and **MongoDB** with Clerk authentication, real-time messaging using SSE, posts, stories, and media uploads.
- Designed a responsive UI using **Tailwind CSS** and integrated REST APIs, Redux, and ImageKit for efficient state management and media storage.

Task Manager [↗](#) | [React.js](#), [FastAPI](#), [Python](#), [SQLite](#)

- Built a full-stack Task Management App using **React (frontend)**, **FastAPI (backend)**, and **SQLite (database)** with RESTful APIs for seamless CRUD operations and responsive UI integration.
- Enhanced productivity with AI-powered features including task generation and recommendations using **Google Gemini API**

VidNotesAI [↗](#) | [MERN Stack](#), [Gemini API](#)

- Built a full-stack AI-powered video learning platform that converts YouTube videos into structured study notes using **React.js frontend**, **Node.js/Express backend**, and **MongoDB database**.
- Integrated **Google Gemini API** to generate concise and structured summaries from video transcripts with support for chunk-based processing of long videos.

TECHNICAL SKILLS

Languages: Python, JavaScript, HTML, CSS

Developer Tools & Platforms: VS Code, GitHub, Docker, LLMs

Frameworks: ReactJS, NodeJS, Fast API, MERN Stack

Monitoring: Loki, Prometheus, Grafana, Posthog

EDUCATION

Government Degree College For Women, Begumpet(A)

01-08-2023 – 04-04-2026

BCA (Bachelor's of Computer Applications) - CGPA: 9.16

Hyderabad, India

Kasturba Gandhi Junior College

01-06-2021 – 15-03-2023

Intermediate - Computer Science (CS) - Percentage: 97%

Hyderabad, India

Barabari Collective Skilling Academy

10-12-2024 – Present

Full Stack Web Development + GenAI Tools

Hyderabad, India

CERTIFICATIONS

- Ethical Hacking Workshop- Skilligence
- Responsive Web Design - freeCodeCamp
- Fullstack Development Workshop- World On Networks
